

## February 2024

We have some exciting news coming your way! The EmPOWER Maryland Energy Efficiency Act has been approved for 2024. This means that the Washington Gas Maryland Home Energy Savings Program will continue through this year, with the following changes starting on January 2, 2024:

- Program rebate values will be adjusting
- Gas fireplace rebates are now available
- The program's [Terms and Conditions](#) form is updated and requires your signature

**Disclaimer:** These rebates are only guaranteed for installations completed in 2024. Please check in with us fall 2024 to see if the rebates will continue for 2025.

Please keep reading below to find out more, and as always, reach out if you have any questions!
